

SIXTEEN FEET OF COPPER ORE

Rich Strike Made in the Pinto Creek District Causes Sensation in This City.

FOUND IN THE MINE OF ARIZONA NATIONAL

The Body of Rich Ore Is Yet of Unknown Extent and May Prove One of the Biggest in the Globe District.

Arrivals from Pinto Creek report a very important strike of ore in the mine of the Arizona National Copper company. The ore was encountered several days ago on the 280-foot level, in the crosscut being run toward the creek, and Dr. Parker states that when he left Pinto Creek yesterday morning the crosscut had penetrated sixteen feet of good ore carrying copper in various forms, including oxide, carbonate, native and some sulphide. Con Crowley, one of the former owners of the property, who also came in from the mine yesterday, states that the ore is high grade and that 15 per cent is a conservative estimate of its copper contents.

Extent of Body Unknown
The width of the ore body had not been determined, as the face of the crosscut was still in ore. In sinking the shaft several strong veins or strata of ledge matter were cut, all dipping in the direction of the ore body found on the 280-foot level, and it is a reasonable supposition that the strike is a continuation of the first stratum cut in the shaft and that as the crosscut advances other large ore bodies will be encountered, confirming the opinion of mining men who have examined the Arizona National property carefully that it should make one of the biggest mines in the western part of the Globe district.

Depth Proves the Value
The Arizona National, formerly known as the McNelly-Crowley property, was always regarded locally as possessing great merit, but no deep development was undertaken until last year, when the present company started a working shaft to be sunk 500 feet or deeper, and under the management of Superintendent Le Roy Schell and Foreman Tom Kelly the work of sinking has progressed steadily and the shaft, of two compartments, is a good one, with true and well timbered walls, and equipped with a serviceable hoist and other machinery. Now that an important ore body has been located on the 280-foot level the management will proceed with confidence and great energy to push the shaft deeper and open other levels, at the same time extending the 280-foot level and blocking out the ore.

Calumet & Globe Has Lead Ore
The report is also brought from Pinto that the Calumet & Globe company is taking out fine lead ore, showing some sulphide, from a shaft on one of its claims, and it is believed at greater depth copper sulphide will prevail.

MINERS' STRIKE WILL SOON END

Settlement of the Differences Will Be Adjusted at a Meeting Held Today

By Associated Press.
PITTSBURG, Pa., August 1.—The flag of peace was unfurled in connection with the differences of 14,000 miners employed in the Pittsburgh district and the Pittsburgh Coal company.

On the initiative of the company a conference will be held tomorrow at which it is thought probable matters will be adjusted. A letter received by President Feehan from the company states that if any agreements have been violated the company is ready to remedy the wrongs and treat with the employees as they have always done in the past.

GRAFT CHARGES CAUSE TROUBLE

Patrolman in Kansas City Fails in Attempt to Kill a Police Commissioner

KANSAS CITY, Mo., August 1.—Patrolman Harry A. Arthur attempted to shoot Ex-Police Commissioner Rozelle just before the police board adjourned last night. Rozelle was on the witness stand trying to impeach the testimony of Arthur, which had been damaging to the chief. Arthur interrupted the witness and Rozelle resented the interruption in a heated manner, whereupon Arthur attempted to draw his pistol. Chief Hayes disarmed Arthur and quiet was restored. Earlier

in the session Commissioner Gallagher called Hayes a liar, when the latter told the board that Gallagher's son had used his father's influence to secure insurance business in saloons and disreputable resorts. Ex-City Detective Bert Brannan, who had supplied Hayes with the evidence against Gallagher's son, then rushed forward and called Gallagher. It required the active efforts of Mayor Beardsley and several officers to restore order.

Daniel Ahern, inspector of detectives, was made temporary chief of police to succeed John Hayes by the board of police commissioners. Hayes' term had expired and no action to remove him was necessary. Charges of the gravest nature have been made against the police administration and Governor Folk to prevent the reappointment of Hayes, summarily removed on of the police commissioners.

A CHICAGO MURDERER SENTENCED TO HANG

By Associated Press.
CHICAGO, August 1.—Herman Bilik, recently convicted of the murder of Mary Venzl by poisoning, was today sentenced to be hanged on October 11.

HARRY THAW HAS A NEW LAWYER

Delmas Is Succeeded by Martin W. Littleton, the Noted Brooklyn Attorney

By Associated Press.
NEW YORK, August 1.—Martin W. Littleton, former president of the Borough of Brooklyn, a lawyer and orator of wide reputation, will be chief counsel for Harry Thaw when he again faces a jury to answer the charge of killing Stanford White. Thaw announced the selection of Littleton today after a conference with his mother and wife. It is said that Littleton's fee will be \$25,000.

As chief counsel for Thaw, Littleton will succeed Delmas.

PHOENIX MAN WAS SUSPICIOUS

Money from Sale of Ranch Left by Italian Turned Over to the State Department.

ITALIAN CONSUL AT DENVER WANTED IT

And Now He Threatens the Phoenix Man Because He Would Not Send the Money to Him for His Handling.

By Associated Press.
PHOENIX, Ariz., August 1.—Phoenix has two interesting incidents of international coloring, one involving the Italian government, the other Chinese subjects.

A few years ago Joe Tagnacola, an Italian engaged in the cattle business in Arizona, died, leaving no heirs in this country. He left a will naming Frank Alkire of Phoenix, a friend of years, as executor.

According to the law, the Italian consul at Denver was notified of the conditions and he instructed Alkire to dispose of the estate at a certain figure, about \$10,000, to a man designated by the consul, and send the proceeds to the heirs in his country.

Alkire, conceiving the estate was valued too low, and, acting under authority of the probate court, disregarded the instruction. The consul then sent a power of attorney of all the Italian heirs named in furtherance of the plan suggested. By this time Alkire had sold the estate and forwarded \$12,000 to the state department through the American consul in Italy. The Italian consul now feels abused and threatens to come here and see if there is a law to enforce action recognizing his power of attorney.

A Chinese Mystery
The other case is that of Hom Wo Chung, a Chinaman held for deportation. He was here when the exclusion law went into effect, but it is claimed by the immigration officials that he has been back to China and worked his way in again. There is much doubt of the case being established, but the importance lies in the fact that the Six Companies interested themselves in the defendant. An allegation is made that a Chinaman is employed by the American officials as a detective, to single out the unlawful residents, and it is contended that he reports only cases of such Chinese as refuse to sweeten his palm, though it is not charged that the American officials are implicated in such a transaction.

A TORNADO WRECKS A RAILROAD OFFICE

WICHITA, Kan., August 1.—The division office of the Missouri Pacific has been notified by Mendota that a tornado wrecked the Marquette station east of Geneseo in McPherson county tonight. All wires are down.

Storms Today and Saturday
WASHINGTON, August 1.—Forecast for Arizona: Scattered thunderstorms Friday and Saturday.

KOREANS FIGHT THE JAPANESE

Charged in the Streets by the Japs, the Korean Disbanded Soldiers Put up Fight.

THE OUTBREAK PROMPTLY SUPPRESSED

The Casualties Number 120 Korean Soldiers and a Number of Japanese Soldiers, Including One Officer.

By Associated Press.
SEOUL, August 1 (Thursday) 11 a. m.—In a conflict today at West Gate barracks between Japanese troops and disbanded Korean soldiers forty or fifty were killed and wounded, including several Japanese. The Koreans were charged in the streets by the Japanese, who arrested and imprisoned them. The firing has ceased. The American consulate was struck by several bullets. No foreigners were injured. The city appears safe.

No trouble is anticipated. The residence general regards the question relating to the application of the Japanese as sufficient to maintain order.

One Hundred Killed
SEOUL, August 1 (evening).—Unverified official returns from this morning's conflict between Japanese troops and the first battalion of the First Shiwa regiment give the number killed and wounded at sixty Koreans and forty Japanese. About three thousand men willingly disbanded, marching without arms through the parade ground where, according to their rank, they received gratuities ranging from 25 to 80 yen.

Another Fatal Clash
At 8 o'clock this morning the minister of war read the receipt of disbandment to the Korean officers at the house of General Hwangwa.

Major Paksung Huan, commander of the first battalion of the First Shiwa regiment, returned to the barracks and committed suicide. This excited his subordinates and a battalion of the Second Shiwa attacked two Japanese and their orderlies. One battalion marched on the South Gate, where a clash occurred in which Captain Kajiwara and two others were killed.

Over one hundred Koreans escaped with rifles and divided into two bands. They are still abroad, but on account of a heavy rain no trouble is expected tonight.

Japs' Excuse for Disbandment
The receipt of disbandment, which is attributed to the Iwaning, but for which the Japs say Marquis Ito is also responsible, begins by saying the existing army of hirelings is unfit for national defense and orders them to disband and receive a gratuity and not to commit any reprehensible acts.

Calm Now in Seoul
TOKIO, Friday.—With the exception of the unsuccessfull attack upon the Japanese troops yesterday by some of the disbanded Korean soldiers, which resulted in slight casualties on both sides, the Japanese losing one officer, general calm is reported in Seoul.

The disbanding of Korean troops does not apply to the court guards, the court being allowed to retain six battalions out of consideration for imperial court prestige.

It is believed that lack of ammunition by the disaffected soldiers, coupled with the strictest surveillance on the part of the Japanese authorities, will prevent risings on an extensive scale.

Koreans Lose Many Soldiers
SEOUL, Thursday.—According to the official reports received by General Hwangwa up to 9 o'clock this evening there are 120 casualties among the Koreans as a result of the riots growing out of the disbandment of the Korean troops. Marquis Ito, in an audience with the emperor this afternoon, assured the emperor of his complete safety. Ito has guarded the foreign consulate with guards tonight as a precaution.

The Japanese military takes credit for the prompt suppression of the outbreak, having prepared to suppress all garrisons in the event of sympathetic risings. The imprisonment of fugitives from Shiwa regiments continues. The remainder of the Korean army is distributed throughout the country and will be disbanded as fast as the imperial receipt reaches the different stations.

VAGRANT CASES ARE DISPOSED OF BY THOMAS

The men arrested on Wednesday night in the tenderloin district and charged with vagrancy were in court yesterday and some of the cases were quickly disposed of by Justice Thomas.

Sam Nars was found guilty and sentenced to sixty days in the city jail. The execution of sentence was suspended and Nars will no doubt leave Globe at once.

Tom Tucker, another of the same class, was given a like sentence. Joe Woods, colored, got three months at hard labor and was committed to jail.

Percy Moore got sixty days and the sentence was suspended on condition that he leave the city. Philip Meyer's case was continued until Saturday at 3 o'clock. He deposited \$50 cash bail for his appearance at that time.

A. W. Wade was given twenty days and the sentence suspended.

SECRET SERVICE MEN GET RAPIER

Brother of Forger E. P. Rapier Arrested for Passing Forged Government Checks

DENVER, Colo., Aug. 1.—The secret service department of the government has received a telegram stating that Bluford Rapier has been arrested in Arizona on the charge of a conspiracy to forge government obligations in the form of disbursing checks of the reclamation service. He is the last of the Arizona men implicated in the charges. Two others are now serving penitentiary sentences and another has been convicted. The men convicted stole two thousand checks that were destined for the reclamation service at the Roosevelt dam, in Arizona, then started through the west issuing checks for amounts varying from \$40 to \$150.

Local Interest in Arrest

The arrest of Bluford Rapier is of great interest in Globe and this part of Arizona, where the Rapiers have lived for many years. E. P. Rapier, who is now serving a sentence of eight years in Yuma for forgery committed in Co-chise county, is under thirteen indictments found by the federal grand jury in this district, and will be tried in Globe on the charge of forging government obligations. At the time of his arrest it was known that someone was implicated with him and many of the checks could not then be recovered. The dispatch does not state where Bluford Rapier was arrested in Arizona, but it is most likely that he will be brought to Globe for trial in the federal court here.

The three parties convicted, who are mentioned in the above dispatch, are E. P. Rapier and James Lemons, the latter tried in Globe in the federal court a year ago, and Mattie Gwin Lemons, who was tried jointly with her husband and convicted. She will be sentenced at the November term of the federal court.

FOREIGNERS ARE MURDERED AT CASA BLANCA, MOROCCO

WASHINGTON, August 1.—The state department today received from United States Minister Gummers at Tangier a brief cablegram stating that several foreigners have been murdered at Casa Blanca in Morocco. A foreign vessel has been dispatched to Morocco. The minister asked for no instructions from the state department concerning the trouble and none were sent him.

It is believed at the state department that there are no native-born Americans in Casa Blanca.

Spain Waits Reparation

MADRID, August 1.—The Spanish government is drawing up a plan for concerted action with France to obtain reparation for the murders in Casa Blanca. As the first step a Spanish warship has been ordered to proceed immediately to Morocco.

Two Held to Answer

Pablo Veyes and Lon Harris, who were arrested on the charge of robbery, were given a hearing yesterday and both men were held to the grand jury. Complaint was made against them by a Mexican who claimed that they took \$50 from him.

NO CHANGE IN THE PLANS MADE

The Atlantic Battleship Fleet Will Sail for the Pacific when the Order Is Given.

SECRETARY METCALF WILL REMAIN IN CABINET

No Foundation for Announcement that He Will Resign—Japanese Have Sent No Protest Against Plan.

By Associated Press.
OYSTER BAY, N. Y., August 1.—Secretary Loeb said today that there has been no change in the plans to send the Atlantic battleship fleet to the Pacific ocean and that necessary preparations for the trip are now being made by the navy department. Upon their completion and approval by the president the voyage will be begun when the president gives the word.

Mr. Loeb made this statement incidentally to saying that there was no foundation for the report that Secretary Metcalf had been or would be asked to resign from the cabinet because of his announcement that the fleet would be in San Francisco in the near future. Mr. Loeb said there was no reason for criticism of Mr. Metcalf on account of his announcement. Mr. Loeb's statement that the fleet will go to the Pacific is regarded as very significant, being the first direct announcement made at Oyster Bay.

Japan Does Not Care

WASHINGTON, August 1.—No protest has been received from the Japanese government against the plan to send the Atlantic fleet to the Pacific and none is expected.

POSTOFFICE DEPARTMENT LIKES THE NAME "CROWLEY"

The contention over the name of the postoffice on Lower Pinto creek has been ended by the department changing it from Calumet to Crowley, complying with the wishes of a very large majority of the people residing in that vicinity, and in honor of Con Crowley, a pioneer of Globe district, and who for many years has pinned his faith to the Pinto creek section.

SLASHED WOMEN AND GIRLS DRESSES ON DENVER STREETS

By Associated Press.
DENVER, Colo., Aug. 1.—A "Jack the Slasher" was arrested in this city after he had slashed the dresses of nearly thirty women and girls on the streets. He was caught in the act and searched. A knife and a number of bits of the slashed dresses were found on his person. He gave the name of Peter Magoffin and his occupation as a laborer. He could not explain his actions.

TOOK ALL THE WATER IN RIVER

The Fancy of Mr. Duke to Please His Bride Causes Woolen Mills to Close

By Associated Press.
SOMERVILLE, N. C., August 1.—In an effort to make a two thousand acre park like a fairyland, with gushing fountains, cascades and beautiful lakes for his bride, James B. Duke, president of the American Tobacco company, has pumped the Raritan river at this point nearly dry.

Mr. Duke has on his estate artificial lakes having an area of several hundred acres. These are supplied from the river by a pumping station. In honor of his bride, Mr. Duke ordered his fountains to be run at the fullest capacity during the honeymoon. Yesterday there was scarcely enough water left in the wells of the Raritan water mills to keep the boilers going, whereupon a thousand persons employed were brought to a standstill. To relieve the situation Mr. Duke's manager ordered the pumping stations closed down.

ATTORNEY SENT TO JAIL FOR CONTEMPT OF COURT

J. S. Sniffen, who was disbarred from the practice of law in the district court some time ago, was yesterday adjudged guilty of contempt of court by Judge Frederick S. Nave and sentenced to five days in the county jail.

There was an argument before Judge Nave in chambers upon a motion of the defendants in the case of J. S. King vs. W. H. Hiatt et al. to dissolve the temporary injunction granted by the court in that case some days ago. Walter Shute appeared for the defendants and Walter J. N. McCurdy for the plaintiff. J. S. Sniffen was present during the argument and insisted on butting into the matter. He was informed by Judge Nave that he was not a recognized member of the bar of this county and that he should not attempt to take part in argument before the court, whether in chambers or in open court. Sniffen paid little attention to the warning of the court, and on leaving the chambers

remarked: "I guess the court has as much contempt for me as I have for it," whereupon Judge Nave immediately found him guilty of contempt and imposed the sentence. Sheriff Thompson took Sniffen to jail to begin his five days' sentence.

Sniffen was the defendant in disbarment proceedings two years ago and in December, 1905, the court found him guilty and entered a judgment disbaring him from practice for two years, his time expiring in December of this year.

A "JACK THE EXPOSER" APPEARS IN GLOBE

Globe has an undiscovered criminal who has caused some embarrassment to ladies who were accosted by him upon the streets at night. He selects some dark place and when he sees a lady approaching he steps out in front of her and exposes his person in a manner that would lead anyone to suppose that he had lost his suspenders or his waist belt had broken. Last night two ladies were accosted by the man and they notified the sheriff's office at once. Officers followed the man, but he escaped in the darkness. An effort will be made to capture him, and at least two ladies of the city can easily identify the man.

Denver has its "Jack the Slasher" and now Globe has "Jack the Exposer," and the latter will find swift punishment if he is captured. He is probably an insane brute like the Denver crank.

AMERICAN COLONY ATTENDS THE HUNTINGTON FUNERAL

By Associated Press.
VERSAILLES, France, August 1.—The funeral of Henry Alonzo Huntington was held here today. Many members of the American colony were present. Douglas Huntington was the only member of the family to attend. The condition of Alonzo and Elizabeth continues critical.

MANY GREEKS ARE KILLED IN FIGHT WITH TURKS

By Associated Press.
KASTORIA, European Turkey, August 1.—Turkish troops today annihilated a Greek band, killing forty men and capturing nine.

OFFICERS ARE READY FOR CLASH

Industrial Conditions in Mesaba Range Are Not Without Excitable Incidents.

STRIKE LEADER ADVISES THE MEN TO USE GUNS

Petriella Gives Governor Johnson Twenty-four Hours in Which to Grant "Justice" to the Striking Workmen.

By Associated Press.
DULUTH, Minn., August 1.—One working day has passed since the operations began on the Mesaba range following the settlement of the ore dock strike, and no serious disorder has been reported.

The industrial sky over the range is not cloudless, however, for the attitude of the followers of the Western Federation indicates an attitude of desperation which is somewhat intensified by vitriolic addresses delivered last night by Petriella, who advocated the use of guns to maintain what he said was their right to sell their labor where they could at the best advantage.

In an address Petriella gave the governor "twenty-four hours in which to grant these men justice," at the end of which time he advised the men to be "ready to strike the head off of any man who tries to crush you." Whether at the end of twenty-four hours anything will come of this is awaited with anxiety and the officials are prepared. All special guards who have been in Duluth the past few days were rushed to the range to augment Sheriff Bates' force of deputies. The Steel corporation officials are carrying out the wishes of Governor Johnson in resuming operations. They are opening the mines one at a time and gradually resuming work with as many men as they can get.

All the old men will be given an opportunity to return to work without discrimination and with the guarantee of being protected by the forces at the sheriff's command.

Reports received today indicate that mining operations were resumed heavily in both Hibbing and Eveleth.

Infants Used as Shields

Workingmen employed in the Fayal mine today carried babies in their arms when they went to work. The infants were kept at the mines all day by the men as a source of protection against possible violence.

Although hundreds of men are going to work daily, they cannot be persuaded that the police protection furnished is adequate to the case and some of them are very much frightened. The city is apparently on the verge of the worst trouble of the strike, as rumors are to be believed.

BORAX CLAIMED TO BE IN DEVILED HAM

By Associated Press.
WASHINGTON, August 1.—A shipment of deviled ham from the United States has been held up by the authorities at Buenos Ayres because it is alleged that the meat contains borax. The matter is being investigated.

FORMER ARIZONA MAN IS NAMED

Frank Frantz Is Chosen by the Republicans of Oklahoma for Their Governor.

HE FORMERLY LIVED AT PRESCOTT, ARIZONA

The Chief Places on the Ticket Are Filled and Strong Resolutions Adopted by the State Convention Yesterday.

By Associated Press.
GUTHRIE, Okla., August 1.—For governor, Frank Frantz; for lieutenant governor, N. G. Turk of Choctaw, I. T.; for secretary of state, Thomas Robnett of Ardmore, I. T.; for attorney general, Silas Reid of El Reno.

With the chief places on the state ticket filled the Republican state convention took a breathing spell late tonight. Not in the history of the party in Oklahoma has there been tendered such an ovation to one as greeted the announcement that Frantz was renominated as the head of the ticket without opposition.

This action was not unexpected, in view of the feeble opposition, but the realization seemed to carry the convention off its feet. There was little fight on the nominations.

The unexpected occurred when the section in the platform denouncing the Democratic constitution was eliminated and the party merely pledged itself to secure amendments to the document.

The platform indorses the national and territorial administrations, denounces the Democratic party for its failure to "comprehend the needs of the people or deal with the problems of the government."

The platform contains an anti-trust plank, favors the removal of restrictions from Indian lands and indorses good roads, but remains silent on the prohibition question.

THE SITUATION IN THE COPPER SELLING MARKET

Special to the Silver Belt.
BOSTON, Mass., Aug. 1.—The copper situation is very unsettled. Buyers refuse to come into the market at 22 cents and negotiations are pending for a large sale around 18 to 20 cents. Consumption is falling behind but so is production, and manufacturers are buying only from hand to mouth. Practically no orders for future delivery have been booked since the large producers cut the former twenty-five cent figure. The outlook is one of great uncertainty.

MAGILL ANXIOUS TO HAVE TRIAL

Grand Jury at Clinton Will Make Its Report on Mysterious Case Today

By Associated Press.
CLINTON, Ill., August 1.—The grand jury today completed the investigation of Mrs. Pet Magill and will report to the circuit court tomorrow.

The assertion is broadly made that Magill and his attorneys are anxious that an indictment be made against him in order to give him an opportunity to disprove the charge that he was instrumental in causing his first wife's death. Magill and his second wife are still confined in the county jail, no bond being permitted until the grand jury has finished its deliberations.

SANTA FE PASSENGER WRECKED IN MISSOURI

KANSAS CITY, Mo., August 1.—The northbound Santa Fe train No. 116 left the track and went into a ditch seven miles from Red Rock, Okla., this morning, killing the engineer and wounding numerous passengers. The coach, chair car and baggage car as well as the engine went into the ditch.

GETTING A JURY IN HALSEY CASE

Rapid Progress Being Made in The Beginning of the Trial of Alleged Briber

By Associated Press.
SAN FRANCISCO, Cal., August 1.—Comparatively rapid progress was made today in the first day of the trial of Theodore V. Halsey for the alleged bribery of Supervisor Loneragan. Halsey was formerly agent of the Pacific States Telephone company. The indictment on which he went to trial is the first of thirteen similar ones. Forty-eight witnesses were examined and nine withstood the qualification tests and were accepted subject to peremptory challenge by either side.
